

PROJECT MANAGEMENT

This course is intended for all persons who need to develop, implement and evaluate a project plan. This course is intended for managers in all economic sectors. These managers would typically be second level managers such as heads of department, section heads or divisional heads, who may have more than one team reporting to them.

The Student would gain competencies from this course to be capable of:

- Selecting a work-based project for a unit.
- Scoping a work-based project for a unit.
- Developing a project plan.
- Developing tools to measure key performance parameters.
- Implementing the plan and evaluate project progress.
